

TEOYUBE CALLING ENGINE — ADVANCED ARCHITECTURE

Mission

The Teoyube Calling Engine helps each Saint discover, understand, refine, and walk toward their God-given calling by analyzing biblical patterns, spiritual gifts, talents, passions, life experiences, problems they feel called to solve, and prophetic indicators.

It must never reduce calling to a personality quiz. It must function as a lifelong discernment system.

Core Question

“What patterns in this Saint’s life, gifts, burdens, Scripture journey, prayers, and assignments point toward their God-given calling?”

1. CALLING ENGINE INPUTS

A. Spiritual Inputs

- Prayer requests
- Repeated scriptures
- Saved promises
- Teoyube words
- Daily Divine Assignments
- Testimonies
- Spiritual gifts assessment
- Ministry interests
- Personal convictions

B. Natural Inputs

- Talents
- Skills
- Education
- Work experience
- Hobbies
- Creativity
- Leadership history
- Communication ability
- Problem-solving ability

C. Burden Inputs

- Problems the user wants to solve

- People groups they care about
- Injustices that move them
- Needs they repeatedly notice
- Topics they keep returning to

D. Life Experience Inputs

- Major life events
- Struggles overcome
- Testimonies
- Family background
- Career journey
- Personal challenges
- Seasons of preparation

E. Biblical Inputs

- Biblical archetypes
- Promise clusters
- Scriptural patterns
- Calling scriptures
- Kingdom service themes

F. Prophetic Indicator Inputs

These must be handled carefully.

Prophetic indicators may include:

- Repeated prayer themes
- Repeated promise themes
- Repeated Teoyube words
- Recurring dreams or impressions reported by user
- Persistent burdens
- Confirmations through Scripture
- Consistent assignment patterns
- Testimonies connected to specific promises

The engine should not say “God told me.”

It should say:

“Based on your repeated patterns, Scripture journey, and calling indicators, this may point toward...”

2. CALLING DATA MODEL

Each Saint receives a living Calling Profile.

Calling Profile Fields

- Primary Calling
 - Secondary Calling
 - Emerging Calling
 - Dormant Calling
 - Calling Confidence Level
 - Spiritual Gifts
 - Natural Talents
 - Dominant Passions
 - Life Burdens
 - Biblical Archetypes
 - Promise Themes
 - Calling Stage
 - Recommended Assignments
 - Growth Areas
 - Confirmation Signals
 - Caution Signals
-

3. CALLING CATEGORIES

Teoyube should begin with these major categories:

1. Spiritual Calling

Examples:

- Teaching
- Encouragement
- Intercession
- Evangelism
- Discipleship
- Mercy
- Wisdom
- Leadership
- Service

2. Creative Calling

Examples:

- Writing
- Music
- Design
- Film
- Animation
- Storytelling
- Digital media

- Worship arts

3. Career Calling

Examples:

- Healthcare
- Education
- Technology
- Business
- Law
- Construction
- Finance
- Community service
- Public service

4. Missionary Calling

Examples:

- Local outreach
- Global missions
- Digital missions
- Church planting support
- Humanitarian work
- Cross-cultural ministry

5. Leadership Calling

Examples:

- Team leadership
- Community leadership
- Ministry leadership
- Organizational leadership
- Marketplace leadership

4. BIBLICAL ARCHETYPE SYSTEM

The Calling Engine should compare users to biblical archetypes.

Example Archetypes

5. CALLING CONFIDENCE SYSTEM

The engine should never present calling as final too early.

Use confidence levels.

Level 1 — Signal Detected

Language:

“We are noticing an early pattern.”

Level 2 — Emerging Direction

Language:

“This appears to be an emerging calling direction.”

Level 3 — Strong Pattern

Language:

“Several indicators consistently point toward this area.”

Level 4 — Confirmed Direction

Language:

“Your journey strongly supports this calling direction.”

Level 5 — Active Assignment

Language:

“You are now actively walking in this calling area.”

6. CALLING SCORING MODEL

The engine assigns weighted scores.

Recommended Weighting

- Biblical Pattern Match: 25%
- Spiritual Gifts: 20%
- Talents and Skills: 15%
- Passions and Burdens: 15%
- Life Experience: 10%
- Assignment Response: 10%
- Prophetic Indicators: 5%

Prophetic indicators should inform the system, not dominate it.

7. CALLING DISCOVERY PROCESS

Step 1 — Onboarding Assessment

Collect:

- Gifts
- Talents
- Passions
- Skills
- Education
- Work experience
- Life experiences
- Problems they care about
- Ministry interests
- Spiritual desires

Step 2 — Initial Calling Profile

Generate:

- Top 3 possible calling areas
- Top 3 biblical archetypes
- Top 3 promise themes
- First Divine Assignment

Step 3 — 30-Day Confirmation Journey

For 30 days, Teoyube tests the calling profile through:

- Scripture assignments
- Prayer assignments
- Reflection questions
- Small actions
- Service challenges

Step 4 — Pattern Review

After 30 days, Teoyube Guide asks:

- What energized you?
- What burden increased?
- What fruit appeared?
- What resistance appeared?
- What scriptures repeated?
- What assignments felt aligned?

Step 5 — Calling Refinement

The engine updates:

- Primary Calling
 - Secondary Calling
 - Emerging Calling
 - Confidence level
 - Next-stage assignments
-

8. CALLING OUTPUT FORMAT

Every calling result should include:

1. Calling Summary
 2. Primary Calling Area
 3. Secondary Calling Area
 4. Emerging Calling Area
 5. Confidence Level
 6. Supporting Scriptures
 7. Biblical Archetype Match
 8. Spiritual Gifts
 9. Talents
 10. Burdens
 11. Life Experience Signals
 12. Divine Assignment
 13. Caution Note
 14. Next 30-Day Growth Path
-

9. EXAMPLE OUTPUT

Calling Summary

Based on your spiritual gifts, talents, repeated promise themes, and life burdens, your strongest current calling indicators point toward:

Primary Calling:

Teaching and Purpose Guidance

Secondary Calling:

Creative Digital Ministry

Emerging Calling:

Missionary Communication

Biblical Archetypes:

- Paul
- Bezalel
- Joseph

Supporting Scriptures:

- Ephesians 1:18
- Habakkuk 2:2
- Matthew 28:19–20
- Exodus 31:2–5
- 2 Timothy 2:2

Confidence Level:

Strong Pattern

Divine Assignment:

Create a short teaching from one promise and share it with one person this week.

Caution:

Do not rush public ministry before preparation. Build consistency, humility, and biblical grounding.

10. CALLING SAFEGUARDS

The engine must avoid:

- Declaring final destiny too early
- Manipulating users spiritually
- Replacing pastoral counsel
- Ignoring user agency
- Treating trauma as destiny
- Overemphasizing prophetic impressions
- Making life-altering decisions without wisdom

For major decisions, Teoyube Guide should say:

“Based on biblical principles and your profile, this direction appears aligned, but you should pray, seek wise counsel, examine fruit, and move with wisdom.”

11. CALLING ENGINE RELATIONSHIP TO OTHER ENGINES

Promise Engine

Provides the scriptural foundation.

Teoyube Language Engine

Creates words and prayer frameworks for calling themes.

Purpose Progression Engine

Tracks the Saint's growth through stages.

Book of the Saint

Records every calling discovery and milestone.

Promise Table

Displays calling visually through the Calling Compass.

12. CALLING COMPASS UI

The Calling Compass should display:

- North: Primary Calling
- East: Spiritual Gifts
- South: Growth Areas
- West: Life Burdens
- Center: Current Divine Assignment

As the user progresses, the compass becomes clearer.

Early stage:

Cloudy compass.

Later stage:

Illuminated path.

Advanced stage:

Clear mission map.

13. 30-DAY CALLING PATHWAY

Every user should complete a 30-day calling discovery journey.

Week 1 — Awakening

Focus:

- Ephesians 1:18
- Gifts
- Passions
- Prayer

Week 2 — Recognition

Focus:

- Talents
- Burdens
- Life experiences
- Biblical archetypes

Week 3 — Testing

Focus:

- Divine assignments
- Small acts of obedience
- Service
- Creative action

Week 4 — Confirmation

Focus:

- Fruit
- Reflection
- Prayer
- Calling summary

Final Output:

30-Day Calling Report

14. 30-DAY CALLING REPORT

The report includes:

- Calling Profile
 - Top Promise Clusters
 - Top Teoyube Words
 - Dominant Archetypes
 - Completed Assignments
 - Fruit Observed
 - Recommended Next Step
 - 90-Day Purpose Path
-

15. ULTIMATE OBJECTIVE

The Teoyube Calling Engine must not simply tell users what their calling might be.

It must help them:

- Notice patterns
- Pray Scripture
- Take action
- Test fruit
- Record testimony
- Grow over time
- Walk in purpose

The goal is not prediction.

The goal is formation.

The Calling Engine should help each Saint become the person God created them to be.
