

PHASE 2D — TEOYUBE LANGUAGE GRAMMAR & LEXICON ARCHITECTURE

1. Lexicon Fields

Each Teoyube word should include:

- word
 - pronunciation
 - meaning
 - category
 - word_rank
 - word_level
 - scripture_sources
 - promise_category
 - prayer_use
 - prayer_sequence
 - word_combinations
 - promise_clusters
 - calling_associations
 - animation_symbol
 - grammar_role
-

2. Word Levels

Beginner

Core words every Saint learns first.

Intermediate

Words used in daily prayer, assignments, and promise journeys.

Advanced

Words used in calling discovery, transformation, testimony, and legacy.

Master

Words used for deep spiritual identity, purpose fulfillment, and inheritance.

3. Grammar Roles

Root Word

A foundational Teoyube word.

Example: TEOYUBE

Action Word

Used for prayer/action.

Example: SERVIA

Identity Word

Used for who the Saint is becoming.

Example: KAINOS

Promise Word

Used for specific promise themes.

Example: SHALOM

Legacy Word

Used for testimony, fulfillment, and generational purpose.

Example: LEGACIA

4. Prayer Sequence Model

A Teoyube prayer sentence should follow this pattern:

Revelation → Promise → Calling → Action → Testimony

Example:

TEOYUBE + WISDORA + ASSIGNA + SERVIA + TESTIMA

Meaning:

“My understanding is enlightened, I receive wisdom and direction, I accept my divine assignment, I serve faithfully, and my life becomes a testimony.”
